Right
Thank you all for 1700 stars
Which, now that I think of it, is pretty small...but still. Thank you for the stars.
Okay, so I'm still terrible at all this sentimental @person stuff so uh I'll give this my best shot

@Thunderstorm
I know you left the forums while I was away, but I still want to say that you were one of my first friends on the forums and I loved roleplaying with you.

@Winter
I'm pretty sure you're not around anymore either... I never found out what happened to you, if you left or just disappeared, but you were another one of my first friends on the forums.

@Imagine
Hello other Different Eggs buddy
I hope I can see you on Home Base.

@Ocean (the SAMB one)
I know you probably won't see this, but I enjoyed roleplaying with you in ML, and Sloan Liana and Sunny were a great trio :D. I know I'll see you on HB (since I saw you on talking to Becky before), and I look forward to roleplaying with you again.

@Ocean/Nemo
Hey, I haven't known you for too long, only since I returned, but you're pretty cool and funny, and I hope you can access the standalone Newsfeed when it comes.

@Riri
Just wanted to say that you're really cool and inspiring and I loved reading RA

@Future
Im pretty sure you won't read this, but I was looking through old posts and saw your signature change so I know you still exist. Just wanted to say you're really cool and I hope to see you on HB.

@Everyone I didn't mention
You're all really cool and funny, and I hope to see anyone who can make the trip on HB.

Aww, thanks! :D I might have a computer that could run the whole thing, but worst case scenario I'll be able to come this summer, and I look forward to seeing you there!

it makes me feel so old and kind of sad when I realize that most of my forum friends have left

I think you were Sea Heart once? Most of my memories came from before you changed your nickname but I'm glad you're still as good a person as you were back then (despite what you may think)

|| ENCHANTED ||
A secret place for me and you
Where everyday was fun and new
A simple time played in our heads
We'll tell this story again
Refreshing, isn't it?
Let's breathe the air, try not to cry
It's time to say our goodbyes

@Enchanted
Yes, I was Sea Heart
Also I always looked up to you a bit, you always had really cool plots and characters. I hope to see you on HB or Newsfeed.
